DAVID
1 Sam 13 vs 14

Right there in the wilderness, he was taking care of his father's flock, still so young, yet could command the Sheep and they would obey him. He enjoyed being a Shepherd, so much that he used all his strength to look after them. On a fateful day, a bear came, and another time a lion came, all these brutal animals were looking forward to stealing from the flock, but David fought tooth and nail{ did all he could} to protect his Sheep.

How passionate he was about these Sheep!! and right there in the wilderness God saw a boy, although young, But who will be able to lead His people Israel the way He wants. Dear Children, the Lord is still looking for kids who will love Him Passionately like David

LESSON; The same way David looked after the flock of his father, our Lord Jesus Christ is also committed to keeping us safe in Him. He is that faithful
