

THIRD CHARACTER

**JOSEPH
(GENESIS 37 VS 1-11)**

It was a clear night sky, with beautiful stars twinkling so brightly. Suddenly, they began to form a circle. Each one takes position next to the other, leaving one special star at the center of the circle. This special star stayed puzzled, wondering what was going on. Within a few seconds, before this special star could understand what was going on, the eleven stars had bowed down and this time, the sun and the moon had joined them.

When Joseph woke up from his dream, he told his Father and brother about it. He knew this dream was a special promise from God, but Joseph's brothers didn't understand his dream and were unkind to him. They even sold him as a slave. Joseph faced many challenges and It seemed like his dream would never come true.

But Joseph never lost hope. Even when he was in prison, he trusted in God's promise. And eventually, Joseph became a powerful leader, just like the special star, shining bright again. He was put in charge of everything in the land of Egypt, and one day, when his brothers came to Egypt begging for food, it was only Joseph who could save them.

Even though he could have decided not to help his family after everything they did to him, Joseph forgave them completely. He held nothing against them. He gave them food and allowed them to stay in the land of Egypt. In this story, we see that God's promise to Joseph came true, showing us that God's promises never fail.
