An illustration of Jesus with a beard and long hair, wearing a white robe, standing in a crowd of people. A woman in a blue and pink robe is reaching out to touch Jesus' robe. The background shows a town with buildings and a speech bubble at the top.

NINTH CHARACTER

THE WOMAN WHO BLED FOR 12 YEARS (Mark 5 vs 25-34)

How long is twelve years? Let's see... it is about 144 months or 4383 days. One woman had been sick for that long. She had been to see lots of doctors, but nothing they did helped her. She used up all her money trying to get better, but things just kept getting worse, and she felt like giving up.

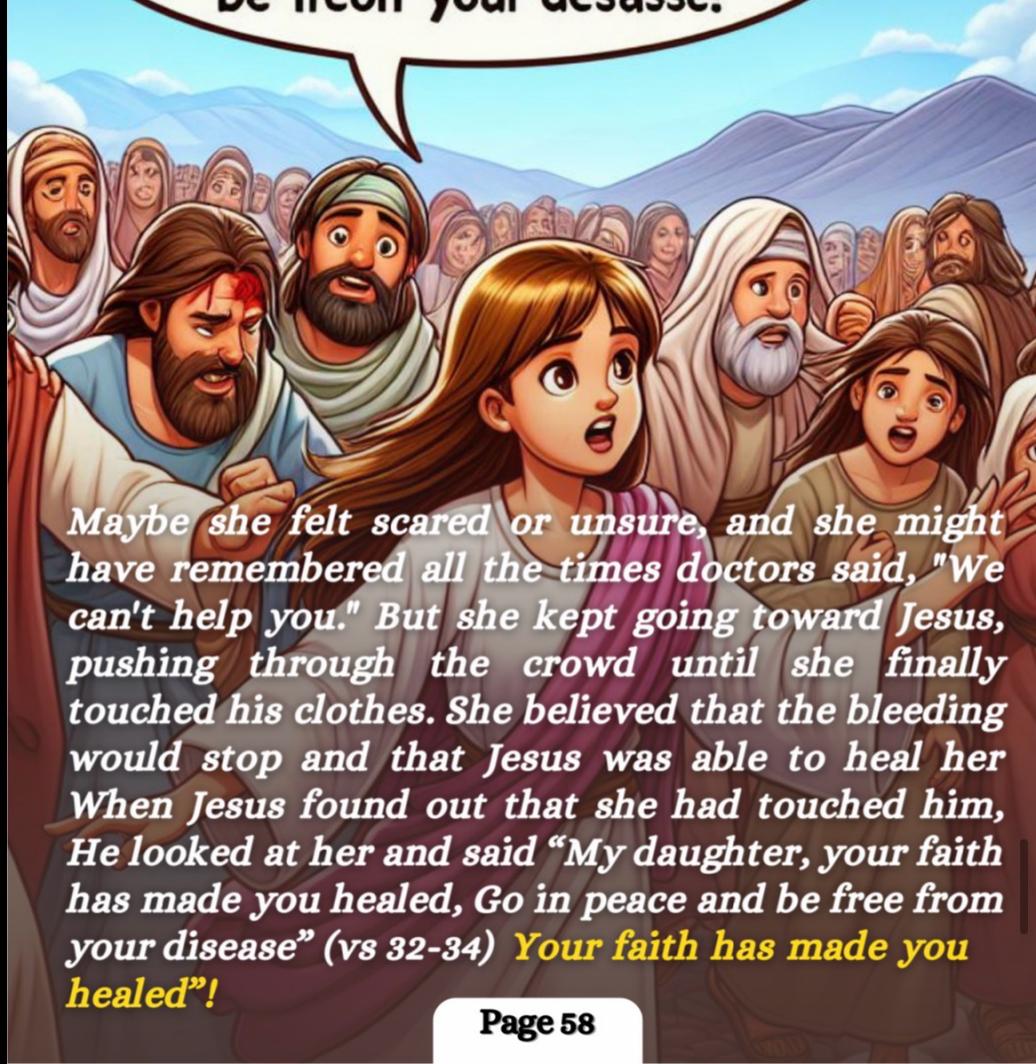

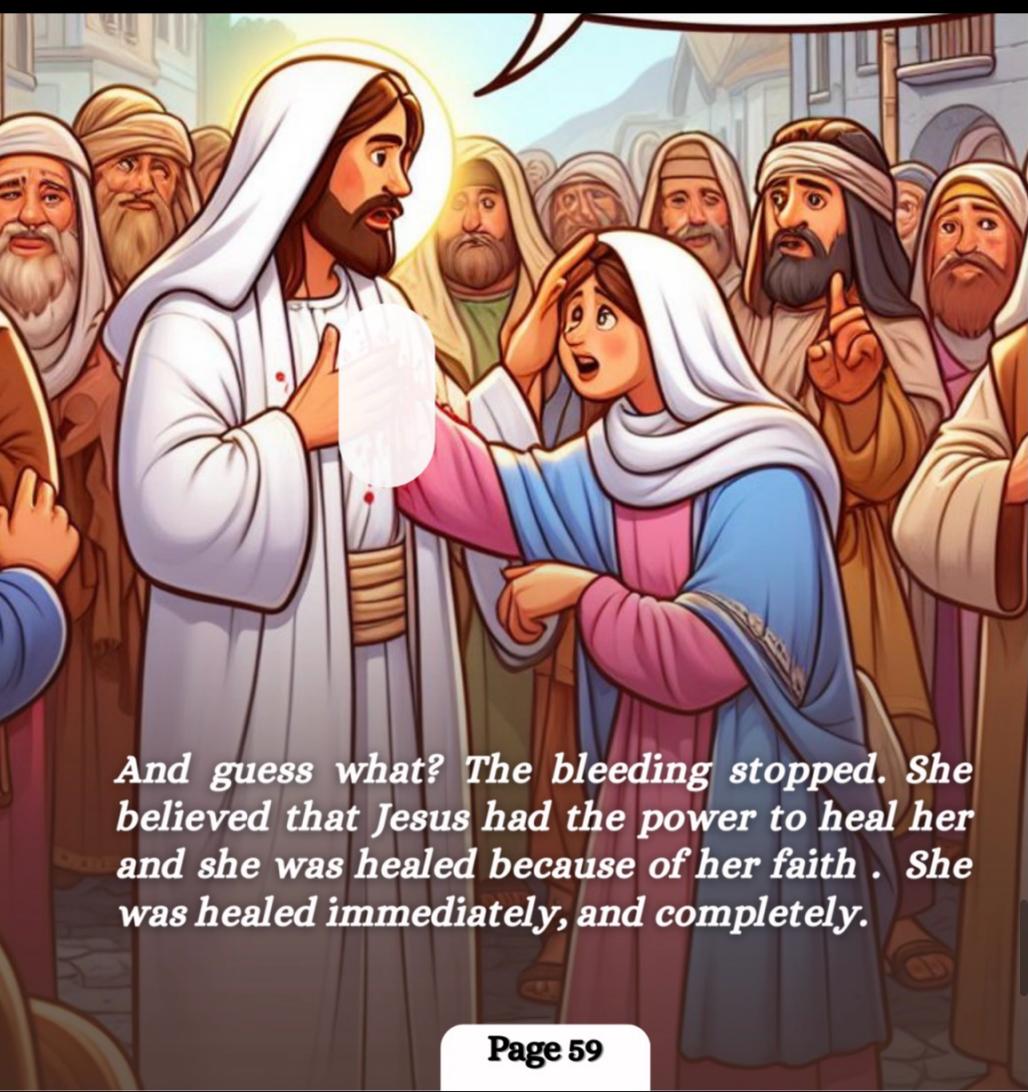

Then one day, she heard that Jesus was going to be in a certain place, so she decided to meet him.

Even after twelve years of feeling disappointed and wasting her money and time, she still believed that something good would happen if she met Jesus. She thought to herself, "I don't even need him to see me. I just need to touch his clothes, and I'll get better."

Be healed your disease.

Maybe she felt scared or unsure, and she might have remembered all the times doctors said, "We can't help you." But she kept going toward Jesus, pushing through the crowd until she finally touched his clothes. She believed that the bleeding would stop and that Jesus was able to heal her. When Jesus found out that she had touched him, He looked at her and said "My daughter, your faith has made you healed, Go in peace and be free from your disease" (vs 32-34) **Your faith has made you healed!**

And guess what? The bleeding stopped. She believed that Jesus had the power to heal her and she was healed because of her faith . She was healed immediately, and completely.

No matter how long someone has been sick, God can make them better. He wants us to be healthy. So, just like the lady who was sick for twelve years, we can have faith that God can heal us from any sickness or disease.

***HIS PROMISE;** God has the power to heal any sickness or disease. He loves us and wants us to live in good health. So remember that just like the woman who had been sick for twelve years, even if nothing had worked before, we will put our faith in God and believe He can heal us completely.*
